JUNIUS. In the multitude of opinions that have been propounded respecting a carious literary problem, we are surprised that more attention has not been bestowed upon a theory that seems to us highly plausible and proba-ble, viz, that after all, Junius might have STONE'S Drug Store, opposite Marshall House. only unknown to his contemporaries and to posterity by any other name, but somebody whose real name would not convey any additional knowledge if it should be disclosed. Suppose that it should be ascertained that the vulgar appellation of the great unknown was, in fact, Thomas Smuggine, Esquire, would the world be any wiser than it is now? And why is it necessary to suppose that the man who wrote Junius was the possessor of a name otherwise known to the world.
